Pro Helvetia New Delhi is delighted to welcome Swiss design studio BIG-GAME to India this September / October. Winners of the Design Preis Schweiz, the trio Augustin Scott de Martinville, Grégoire Jeanmonod and Elric Petit bring with them a design sensibility that is known to be functional and, most importantly, fun!

It's Delhi next after Tokyo, Prague, Bordeaux, Barcelona and Mexico City. On this trip to India, BIG-GAME join hands with Indian designer Iitu Chaudhri to present Q&A. The Q&A exhibition concept is based on a dialogue between products designed by BIG-GAME and items selected by a designer in a specific hosting country. The result is a playful exhibition that confronts BIG-GAME's views on design with the local culture of objects.

We invite designers and design students to come and be part of a dialogue where design takes centre stage and the players originate from two very different parts of the world. Write to us at newdelhi@prohelvetia.in should you wish to attend.

We look forward to your presence.
